SIGNATURE CORNARO RITUAL

Wine, the drink of gods, not only elevates our mood, but it can also be extremely beneficial to our hearts. While some parts of grapes cannot be used to produce your favorite Chardonnay, these valuable ingredients are proven to be extremely healthful for our bodies. Grape seeds and skins are extremely rich in antioxidants and other active ingredients with excellent rejuvenating properties that activate blood circulation and can help with collagen, skin elasticity, luminosity, and radiance, slowing down the aging process and increasing our longevity.

VINOTHERAPY BODY RITUAL

— 90 min — 250 €

Discover our signature treatment with the benefits of Vinotherapy and your rejuvenating wine journey will begin with a full body grapeseed peeling. We use authentic products for this area a special combination of grape seed oil and grape seeds mixed with brown sugar, olive oil, red vine leaf extract, soy raffermin for toning, wheat polypeptides, and algae. After the skin is thoroughly exfoliated, the therapy will continue with a deeply hydrating full-body wine wrap that will remove dead skin cells and detoxify. While the wine wrap is developing, you will receive a gentle head and scalp massage.

The therapy will conclude with an application of luxurious grape serum. The relaxing motions will improve your blood circulation, as well as rejuvenate and tone your skin. After we apply a deeply moisturizing grape lotion, your skin will feel softer, plumper, and visibly radiant! As a perfect finishing touch, reward yourself with a glass of fine wine while you admire the beautiful view of Split from our terrace!
